

First Day of Employment at UNCC / Office Set-Up

WELCOME to UNC-Charlotte and The William States Lee College of Engineering!

Please read this document thoroughly BEFORE arriving on campus as a new employee. Several types of records and identification are listed as documents that you will need to present on your first working day. It is quicker, and easier, to complete these steps before students begin to arrive for any new semester or academic year.

Several actions require an “800” number before arriving on campus; phone set-up, computer login, email account and key request. Please contact your department’s administrative assistant to start this process.

There are several departments on campus you are required to visit on your first day as a new employee. Listed below is each campus office, the order in which to proceed, and the records or materials you will need to bring from home to complete paperwork. It is helpful to ask for directions to the next office as you proceed. You may also want to secure or print out a campus map before you begin. Depending upon the number of faculty, staff, and students arriving on campus at any given term, this process could take 1.5 to 3 hours. Comfortable clothes and shoes are recommended. Visitor parking is available in Cone, East, Union, CRI 3 and CRI Decks until you obtain your parking permit. Here is the link to the campus map. http://facilities.uncc.edu/sites/facilities.uncc.edu/files/media/Maps/Uncc_Campus_Map.pdf
